Subject: AMC Debt Capacity

H - we've done some detailed write ups on this which I can pass along if you would like

But in summary, available debt capacity without any votes / amendments should be

- About \$300m senior lien debt (could be 1L or 1.5L)
- \$50m of non-guarantor restricted subsidiary debt
- \$150m Pari 2L debt. Can do up to 200 total but only 150 can be secured
- \$75m Pari 2L debt only if used to refinance the unsecureds and only if that refinancing occurs below 55c

And of course if the 2L amend their absolute provision on unrestricted investments, all bets are off to the tune of 2.25bn+ of investment capacity.

EAI **Estimated Annual Income (EAI) & Estimated Yield (EY)**- EAI is an estimate of annual income for a specific security position over the next rolling 12 months. EAI may be negative on short & EY positions. EY is calculated by dividing the current EAI for a security position by its statement closing date market value. EAI and EY are estimates only and may include return of principal and/or capital gains, which would render them overstated. Actual income and yield might be lower or higher than the estimated amounts. **For calculation details, refer to the "Additional Information and Endnotes" section.**

Total Cost Basis does not include the cost basis on core, money market or other positions where cost basis is unknown or not applicable.

Additional Information and Endnotes

Estimated Annual Income (EAI) & Estimated Yield (EY) - EAI for fixed income is calculated using the coupon rate. For all other securities, EAI is calculated using an indicated annual dividend (IAD). The IAD is an estimate of a security's dividend payments for the next 12 months calculated based on prior and/or declared dividends for that security. EY reflects only the income generated by an investment and not changes in its price which may fluctuate. Interest and dividend rates are subject to change at any time and may be affected by current and future economic, political and business conditions. EAI and EY are provided for informational purposes only and should not be used or relied on for making investment, trading or tax decisions. EAI and EY are based on data obtained from information providers believed to be reliable, but no assurance can be made as to accuracy, timeliness or completeness. Please refer to the Help/Glossary on Fidelity.com for additional information regarding these calculations.

Income Summary Shows income by tax status for the statement and year-to-date periods. Except for interest income earned on, or distributed by, tax-exempt securities, Fidelity reports dividends and capital gains held in taxable accounts as taxable income. A portion of income reported as tax-exempt income may be subject to alternative minimum taxes and/or state and local taxes. In Traditional IRAs, Rollover IRAs, SEP-IRAs, SIMPLE IRAs and Keoghs, earnings are reported as tax-deferred income. In Roth IRAs and HSAs, earnings are reported as tax-exempt income as they may be federally tax-exempt if certain conditions are met.

Cost Basis, Gain/Loss, and Holding Period Information NFS is required to report certain cost basis and holding period information to the IRS on Form 1099-B. Unless otherwise specified, NFS applies the average cost method for open-end mutual funds and the first-in, first-out (FIFO) method for all other securities. Cost basis is adjusted for wash sales on securities with the same CUSIP held in the same account (unless your account receives mark-to-market reporting). Your statement may not reflect all adjustments required for tax purposes. Customers should consult their tax advisors for further information.

Cost Fidelity provides purchase cost information for securities held in retirement and HSA accounts. Such information may be adjusted for certain transactions and does not reflect dividends or capital gains and reinvestments. Fidelity reports transaction profit or loss information when securities are sold within a retirement or HSA account. Transaction profit or loss is calculated by subtracting purchase cost from sales proceeds

using the FIFO method if shares were purchased at different times or prices. **Statement Mailing** We deliver statements at least four times during the calendar year for any account with a balance.

Statement Discrepancies Please review your statement and report any inaccuracies or discrepancies. Inquiries, concerns or questions regarding your brokerage account or the activity therein should be directed to FBS by calling 800-544-6666, and NFS, who carries your brokerage accounts, by calling 866-408-1138. Any oral communications regarding inaccuracies or discrepancies should be reconfirmed in writing to protect your rights, including those under the Securities Investor Protection Act (SIPA).

Material Changes Please advise us of material changes in your investment objectives or financial situation related to your brokerage account(s).

Mutual Funds and Performance Before investing, consider the funds' investment objectives, risks, charges and expenses. Contact Fidelity for a prospectus containing this information. Read it carefully. Performance data shown represents past performance and is no guarantee of future results. Investment return and principal value will fluctuate, so you may have a gain or loss when shares are sold. Current performance may be higher or lower than that quoted. Visit Fidelity.com/performance for most recent month-end performance.

Sales Loads & Fees Each fund reserves the right to terminate or modify its exchange privilege in the future. In connection with (i) access to, purchase, sale, exchange or redemption of, and/or maintenance of positions in mutual funds, ETFs and other investment products ("funds") or (ii) infrastructure needed to support such funds, some funds, or their investment affiliates, pay FBS and/or NFS sales loads and 12b-1 fees described in the prospectus as well as additional compensation for shareholder services, start-up fees, platform support and maintenance, and marketing, engagement and analytics programs. Additional information about the source(s) amount(s) of compensation as well as other remuneration received by FBS or NFS will be furnished to you upon written request. At the time you purchase shares of funds those shares will be assigned either a load, transaction fee (TF) or no transaction fee (NTF) status. When you subsequently sell those shares, any fees applicable to your transaction will be assessed based on the status assigned to the shares at the time of purchase.

Additional Information About Your Brokerage Account, If Applicable

Free credit balances (FCB) are funds payable to you on demand. FCB are subject to open commitments such as uncleared checks and exclude proceeds from sales of certificated securities without delivery of the certificate. If your FCB is swept to a core position, you can liquidate the core position and have the proceeds sent to you or held in your account subject to the terms of your account agreement. Required rule 10b-10(a) information not contained herein will be provided on written request. Fidelity may use this free credit balance in connection with its business, subject to applicable law. **Assets Separate from Your Brokerage Account** Only securities in the margin portion of your brokerage account contribute to margin and maintenance requirements. Other Assets, which may be reported on your statement, including insurance products that are distributed by FBS and Fidelity Insurance Agency, Inc. and mutual fund only accounts held directly with the fund (Fidelity Mutual Fund Accounts) are not carried by NFS, not covered by the Securities Investor Protection Corporation (SIPC) and do not count toward your margin and maintenance requirements. Assets held in brokerage accounts managed by Fidelity Personal and Workplace Advisors LLC (FPWA) are carried by NFS and covered by SIPC but do not contribute to your margin and maintenance requirements. **Short Account Balances** Securities sold short are held in a segregated short account. These securities are marked-to-market for margin purposes, and any increase or decrease from the previous week's value is transferred weekly to your margin account. Fidelity represents your short account balance as of the last weekly mark-to-market, not as of the statement end date. **Information About Your Option Transactions** Each transaction confirmation previously delivered to you contains full information about commissions and other charges, and such information is available promptly upon request. Assignments of American and European-style options are allocated among customer short positions pursuant to a random allocation procedure, a description is available upon request. Short positions in American-style options are liable for assignment anytime. The writer of a European-style option is subject to exercise assignment only during the exercise period. For more information, please call Fidelity at 800-544-6666. **Equity Dividend Reinvestment** Shares credited to your account resulted from transactions by FBS acting as agent for your account, or the Depository Trust Company (DTC). **Price Information/Total Market Value** The Total Market Value has been calculated out to 9 decimal places but the individual unit price is displayed in 5 decimal places. The Total Market Value represents prices obtained from various sources, may be impacted by the frequency with which such prices are reported and such prices are not guaranteed. Prices received from pricing vendors are generally based on current market quotes, but when such quotes are not available the pricing vendors use a variety of techniques to estimate value. These estimates, particularly for fixed income securities, may be based on certain minimum principal amounts (e.g. \$1 million) and may not reflect all of the factors that affect the value of the security, including liquidity risk. In certain situations, a price may be derived from a single market participant, also known as a "single broker quote". The prices provided are not firm bids or offers. Certain securities may reflect as N/A or unavailable where the price for such security is generally not available from a pricing source. The Market Value of a security, including those priced at par value, may differ from its purchase price and may not closely reflect the

value at which the security may be sold or purchased based on various market factors. The sale or redemption of any fixed income security prior to maturity may result in a loss. Prices for Certificates of Deposits (CDs) on your statement are generally estimates and are not based on actual market prices. The secondary market for CDs is generally illiquid. You should always request a current valuation for your securities prior to making a financial decision or placing an order.

Executing Orders on the Floor of the NYSE The Floor broker may permit the Designated Market Maker to trade on parity with the order for some or all of the executions associated with filling that order, where such permission would not be inconsistent with the broker's best execution obligations.

SIPC Securities in accounts carried by NFS, a Fidelity Investments company, are protected in accordance with the SIPC up to \$500,000 (including cash claims limited to \$250,000). For details, including the SIPC brochure, please see www.sipc.org or call 1-202-371-8300. NFS has arranged for additional protection for cash and covered securities to supplement its SIPC coverage. Neither coverage protects against a decline in the market value of securities.

Fidelity Investments Fidelity Distributors Company LLC (FDC) is the distributor for Fidelity Funds with marketing and shareholder services provided by FBS or NFS. **Brokerage services are provided by FBS, which clears all transactions through its affiliate, NFS. NFS carries all brokerage accounts. FBS and NFS are members of the NYSE and SIPC.** Upon written request, Fidelity will mail an NFS financial statement, which is also available for inspection at its office. Anthony Franchi

RE: AMC Entertainment Holdings, Inc.

Dear Anthony:

By your signature below, you are acknowledging that you have agreed to be represented by RM LAW, P.C., Bernstein Litowitz Berger & Grossmann LLP, and such co-counsel as they deem appropriate to associate with in an action against AMC Entertainment Holdings, Inc. and certain of its officers and directors.

We have advised you that we have conducted a thorough investigation into the facts and circumstances surrounding the allegations contained in the Complaint, and we believe them to be meritorious. You understand that in seeking to be a plaintiff, you are undertaking certain fiduciary duties and responsibilities, which require you to adequately and fairly represent the class by becoming generally familiar with this litigation so that you can monitor, review and participate with counsel in the prosecution of the action. You may and should confer with us at any time you feel it is appropriate to do so. Your fiduciary duty also requires you to act in the best interests of the class at all times and not put your own personal interests ahead of the interests of the class. If you obtain access to non-public information during the pendency of the litigation, you must not engage in transactions in the company's stock. You must also preserve any documents you have related to the case. Also, please let us know if your contact information changes.

Our firm prosecutes class actions and is seeking to undertake this litigation on a contingent fee basis. You will not be responsible for any attorney's fees. This means we will not seek payment of any fees unless the lawsuit generates a recovery or benefit for the class. The payment of our fees in this suit is subject to court approval, and we generally seek to have our fees calculated as a percentage of the benefit created as a result of the lawsuit. In no event, will we request over 33.33% of the amount recovered plus reasonable disbursements. If non-monetary benefits are achieved, we will base our fee request on prior court awards where similar benefits were achieved. If there is no recovery or benefit for the class, our firm will not be paid.

We will advance all costs and expenses that we deem necessary to pursue an appropriate recovery in this suit. Typical costs and expenses include, but are not limited to, telephone, fax transmission, court costs, computer research, copy, and postage expenses, as well as more substantial items, such as the cost of travel, deposition, trial, mediation expenses, and expert

witness and consultant fees. If the lawsuit generates a recovery for the class, we will apply to the Court to have our costs and expenses reimbursed from the settlement fund remaining after the attorneys' fees have been paid. If there is no recovery, you will not be responsible for any costs.

In the course of the lawsuit, we may, without notice to you, retain and/or work with other law firms, in which case, we would divide any legal fees we receive with such other firms. You agree that we may divide fees with other attorneys for serving as local counsel, or for referral fees, or other services performed. You also agree that with respect to situations in which our co-counsel perform services, they may be entitled to receive between 5% and 10% of our firm's overall fee. The division of attorneys' fees with other counsel may be determined upon a percentage basis or upon time spent in assisting the prosecution of the action. The division of fees with other counsel is our sole responsibility and will not increase the fees described above. If we determine at any time that the prosecution of these claims is not feasible or is contrary to justice or the standards of good faith, we are then entitled to withdraw from the representation in the action, with reasonable notice to you. This agreement shall be governed by the laws of the Commonwealth of Pennsylvania. All disputes, disagreements and claims arising out of or related to this agreement shall be resolved exclusively through binding arbitration pursuant to the Rules of the American Arbitration Association.

We look forward to working with you.

Very Truly Yours,

RM LAW, P.C.

Please refer to the E*TRADE Securities LLC ("ETS") Customer Agreement (the "Customer Agreement") at www.etrade.com/custagree for a complete discussion of the terms and conditions governing your account and the Relationship Summary at www.etrade.com/formers for information about ETS services. If you have questions regarding the Customer Agreement, your account, or positions and balances please contact us through etrade.com or call 800-387-2331. THE INFORMATION CONTAINED IN YOUR ACCOUNT STATEMENT SHALL BE BINDING UPON YOU IF YOU DO NOT OBJECT, EITHER IN WRITING OR VIA ELECTRONIC MAIL WITHIN FIVE (5) DAYS AFTER THE ACCOUNT STATEMENT IS FIRST RECEIVED BY YOU.

Securities products and services are offered by ETS, Member SIPC. Your account is carried by ETS, Member SIPC, which maintains your funds and securities deposited with ETS directly by you or your advisor firm. Please review this statement carefully. If you disagree with any transaction, or if there are any errors or omissions, please notify us at 800-387-2331 within five (5) days of your receipt of this statement. Any oral statements that you have made to us should be confirmed in writing.

Applicable Rules and Regulations. All transactions in your account shall be subject to the constitution, rules, regulations, customs, and usages of the exchange or market and its clearinghouse, where the transactions are executed by ETS or its agents, including ETS affiliates. Also, where applicable, the transactions shall be subject to the provisions of the Securities Act of 1933, as amended, the Securities Exchange Act of 1934, as amended, and the rules and regulations of the Securities and Exchange Commission ("SEC"), the Board of Governors of the Federal Reserve System, and any applicable self-regulatory organization. For information about FINRA's Broker Check Program, including an investor brochure, please contact FINRA at 800-253-8999 or www.finra.org.

Securities Pricing. The amounts printed in the total market value column of the Account Holdings section, or any amounts derived therefrom, are based on US month end prices and are provided by outside quotation services for the securities held by us in your account. Prices of municipal bonds, certain over-the-counter securities, and federal obligations are approximations and are only for guidance purposes. Prices used are based on the last reported transaction known to the quotation services or the yields or values that are calculated on the basis of these prices. Value of brokered CDs reflected on this statement is estimated by a third-party pricing service. Actual value may differ if you elect to sell your CD(s) in the secondary market. Bonds and/or fixed income securities trade differently than equity securities and do not trade on a liquid exchange. Rather, they trade in the OTC (over-the-counter) market and sufficient liquidity may not exist for you to sell your position prior to maturity. The sale of instruments prior to maturity may result in a loss of principal.

Interest/Dividends. We are required by law to report annually to you and to the Internal Revenue Service on Form 1099 any taxable interest, dividends, and capital gains credited to your account, as well as any taxes withheld. The year-to-date figures shown on your statement reflects these amounts classified to the best of our current knowledge based on activity. In certain circumstances, payments may be subject to reclassification, such reclassifications will be reflected to the Internal Revenue Service on your Form 1099. Your statement may not reflect all adjustments required for tax purposes, please refer to your tax documents.

SIPC and other Insurance Coverage. ETS is a member of the Securities Investor Protection Corporation ("SIPC"). SIPC currently protects the assets in each of your securities accounts at ETS up to \$500,000 (including \$250,000 for claims for cash). Visit www.sipc.org or call 202-371-8300 for more information including a brochure on SIPC protection. (Please note that money market mutual fund balances are considered securities rather than cash.) Additional protection for ETS has been secured through an independent insurer, more information about which can be found at <https://us.etrade.com/customer-service/faq>. The market risks associated with investing and any resulting losses are not covered by SIPC or the additional protection.

Payment for Order Flow. The SEC (and FINRA) requires that all broker-dealers inform their customers when a new account is opened, and on an annual basis thereafter, of payment for order flow practices (compensation received for placing orders through specialists on national securities exchanges, over-the-counter market makers, alternative trading systems, and ECNs (collectively, "market centers")). Consistent with the overriding principle of best execution, ETS routes orders to various market centers. ETS receives remuneration (generally in the form of per share cash payments or through profit sharing arrangements) for routing orders in securities to particular market centers for execution. Such remuneration is considered compensation to ETS, and the source and amount of any compensation received in connection with your transaction will be disclosed to you upon written request. ETS posts SEC Rule 806 quarterly reports that include order routing disclosures including the material aspects of the firm's relationships with outside market centers at www.etrade.com. In addition, on request, ETS may provide the identity of the venue to which your orders were routed for execution in the six months prior to the request, whether the orders were directed orders or nondirected orders, and the time of the transactions, if any, that resulted from such orders. ETS regularly assesses the execution quality provided by the market centers to which we route order flow in seeking best execution for our clients. For non-directed client orders, it is our policy to route orders to market centers based on a number of factors that are more fully discussed in the Supplemental Materials of FINRA Rule 5310, including where applicable, but not necessarily limited to, speed of execution, price improvement opportunities, differences in price dis-improvement, likelihood of executions, the marketability of the order, size guarantees, service levels and support, the reliability of order handling systems, customer needs and expectations, transaction costs and whether the firm will receive remuneration for routing order flow to such market centers. Price improvement is available under certain market conditions and for certain order types and we regularly monitor executions to test for such improvement if available.

Margin Accounts. The amount of margin required will be the greater of the (1) amount required by applicable laws, regulations, rules of applicable self-regulatory organizations and clearinghouses, or (2) amount required by ETS in its sole discretion. You will be charged interest on a daily basis on all debit balances that you owe to ETS and on credit extended to you by ETS for the purpose of purchasing, carrying or trading in securities or otherwise. Interest is calculated on a 360-day basis using settlement date balances. Except as otherwise agreed by you and ETS, the applicable interest rate for margin loans will be determined by adding the prevailing base rate and the applicable sliding scale percentage rate, which is in turn determined by your average daily debit balance. Your stated interest rate is subject to change without notice during each period in accordance with fluctuations in your average daily debit balance and changes to the base rate that are attributable to a change in the Federal Funds rate. ETS will provide you with at least 30 days' prior written notice before changing your stated interest rate for any other reason. Information about ETS's base rate is available upon written request to ETS. For more information on how ETS calculates interest, please see the Customer Agreement. If you have a margin account, this statement is a combined statement for both your margin account and special memorandum account. The permanent record of the separate account as required by Regulation T of the Federal Reserve Board is available for your inspection.

Free Credit Balances. Any cash balances in your securities account, which represent an obligation of ETS, are payable to you upon demand and referred to as free credit balances. Your free credit cash balances: 1) can be maintained in the securities account and will earn interest through the "Cash Balance Program" as more fully described at <https://us.etrade.com/options-uninvested-cash>, and 2) as such are held unsegregated and may be used by ETS in the conduct of its business, subject to the limitations of Rule 15c3-3 under the Securities Exchange Act of 1934. Your free credit cash balances can alternatively be directed to other cash balance options.

Other Cash Balance Option. In addition to the Cash Balance Program you may have the option to have free credit balances in your securities account automatically transferred to a

bank sweep product, which is an account at a bank (or banks, collectively, "Program Banks") whose deposits are insured by the FDIC, but which are not obligations of ETS. Accounts opened prior to May 10, 2018 may also be eligible to have their free credit balances transferred to certain money market mutual funds. For information about the products available for free credit balances go to www.etrade.com/sweepoptions ("Sweep Program"). The products available under the Sweep Program may change at any time. Notification of changes will be provided to the extent required by applicable law. Additionally, you may at any time change your selection among the products available in the Sweep Program. You may elect, subject to any limitation set forth in any Sweep Program agreement or with respect to an account at a bank, under federal banking laws (which includes, without limitation, program banks' potential requirement of seven days' notice before permitting a withdrawal or transfer of funds from such account) that the balance in the bank deposit account be returned, or shares of the money market mutual fund in which you have a beneficial interest be liquidated and the proceeds returned, as applicable, to the securities account or remitted to you. With respect to your decision to participate in a bank sweep product, please remember you are responsible for monitoring the cash balance of your bank sweep accounts deposited with the Program Banks to determine whether you have total deposit balances held in the same capacity at any Program Bank in excess of the \$250,000 FDIC deposit insurance limit.

Options Trading. If you are approved for options trading, you are responsible for advising ETS of any material changes in your investment objectives or financial situation. Additionally, further information regarding commissions and other charges related to the execution of option transactions has been included in the confirmations of such transactions previously provided to you. Such information will also be made available promptly upon request.

Random Allocation of Options Assignment Notices. Assignment notices for short option contracts are allocated among customer short option positions in accordance with a random allocation method. A detailed description of ETS's random allocation method is available at etrade.com and a hard copy of the allocation procedures is available upon request.

Financial Statement. A financial statement of ETS is available for your inspection at its offices or at etrade.com or will be mailed to you upon your written request.

Valuation of Certain Alternative Investments (including DPP and REIT securities). Account statements may include valuations for alternative investments. The values of such investments are estimated and reflect either the most recent valuation provided to ETS by the issuer of the investment, or a valuation provided by an independent third party, which ETS will obtain as part of its services, on an annual or more frequent basis. ETS does not provide a guarantee of the value or the appropriateness of the appraisal methodology applied by the independent third party in providing a value and ETS assumes no responsibility for verifying the accuracy of any valuation presented. Failure of the issuer to provide a timely valuation is its sole responsibility. The investment may reflect no value if a valuation was unavailable or is inaccurate. Investment in non-publicly traded securities, which includes alternative investments, often involves higher risk and less liquidity than other investments. Because there is generally no secondary market for alternative investments, the values reported to you should not be relied upon as any indication of market value. You may be able to sell your interests in the alternative investments held in your account, if at all, only for amounts that are substantially less than their purchase price or the estimated values on your account statements. If your statement reflects a distribution that included a return of capital on Direct Participation Programs and/or REITs, please note that said distributions are reported and a net investment per share estimated value is also reported. Pricing and distribution information has been provided by the sponsor, issuer or other external party responsible for reporting of the DPP or REIT and the classification of distributions as income or return of capital, in whole or in part, is subject to final accounting by such party(ies) and will be reported to you on a Form 1099 or K-1, as applicable.

The information contained in your account statement shall be binding upon you if you do not object within sixty (60) days for any transfer of funds subject to Regulation E, such as ATM and point-of-sale transfers, debit transactions, direct deposits, and withdrawals. We must hear from you no later than 60 days after we sent you the FIRST statement on which the error or problem appeared.

- (1) Tell us your name and account number.
- (2) Describe the error or the transfer you are unsure about, and explain as clearly as you can why you believe it is an error or why you need more information.

Applicable Rules and Regulations. All transactions in your account shall be subject to the constitution, rules, regulations, customs, and usages of the exchange or market and its clearinghouse, where the transactions are executed by ETS or its agents, including ETS affiliates. Also, where applicable, the transactions shall be subject to the provisions of the Securities Act of 1933, as amended, the Securities Exchange Act of 1934, as amended, and the rules and regulations of the Securities and Exchange Commission ("SEC"), the Board of Governors of the Federal Reserve System, and any applicable self-regulatory organization. For information about FINRA's Broker Check Program, including an investor brochure, please contact FINRA at 800-253-8999 or www.finra.org.

Securities Pricing. The amounts printed in the total market value column of the Account Holdings section, or any amounts derived therefrom, are based on US month end prices and are provided by outside quotation services for the securities held by us in your account. Prices of municipal bonds, certain over-the-counter securities, and federal obligations are approximations and are only for guidance purposes. Value of brokered CDs reflected on this statement is estimated by a third-party pricing service. Actual value may differ if you elect to sell your CD(s) in the secondary market. Bonds and/or fixed income securities trade differently than equity securities and do not trade on a liquid exchange. Rather, they trade in the OTC (over-the-counter) market and sufficient liquidity may not exist for you to sell your position prior to maturity. The sale of instruments prior to maturity may result in a loss of principal.

Interest/Dividends. We are required by law to report annually to you and to the Internal Revenue Service on Form 1099 any taxable interest, dividends, and capital gains credited to your account, as well as any taxes withheld. The year-to-date figures shown on your statement reflects these amounts classified to the best of our current knowledge based on activity. In certain circumstances, payments may be subject to reclassification, such reclassifications will be reflected to the Internal Revenue Service on your Form 1099. Your statement may not reflect all adjustments required for tax purposes, please refer to your tax documents.

SIPC and other Insurance Coverage. ETS is a member of the Securities Investor Protection Corporation ("SIPC"). SIPC currently protects the assets in each of your securities accounts at ETS up to \$500,000 (including \$250,000 for claims for cash). Visit www.sipc.org or call 202-371-8300 for more information including a brochure on SIPC protection. (Please note that money market mutual fund balances are considered securities rather than cash.) Additional protection for ETS has been secured through an independent insurer, more information about which can be found at <https://us.etrade.com/customer-service/faq>. The market risks associated with investing and any resulting losses are not covered by SIPC or the additional protection.

Payment for Order Flow. The SEC (and FINRA) requires that all broker-dealers inform their customers when a new account is opened, and on an annual basis thereafter, of payment for order flow practices (compensation received for placing orders through specialists on national securities exchanges, over-the-counter market makers, alternative trading systems, and ECNs (collectively, "market centers")). Consistent with the overriding principle of best execution, ETS routes orders to various market centers. ETS receives remuneration (generally in the form of per share cash payments or through profit sharing arrangements) for routing orders in securities to particular market centers for execution. Such remuneration is considered compensation to ETS, and the source and amount of any compensation received in connection with your transaction will be disclosed to you upon written request. ETS posts SEC Rule 806 quarterly reports that include order routing disclosures including the material aspects of the firm's relationships with outside market centers at www.etrade.com. In addition, on request, ETS may provide the identity of the venue to which your orders were routed for execution in the six months prior to the request, whether the orders were directed orders or nondirected orders, and the time of the transactions, if any, that resulted from such orders. ETS regularly assesses the execution quality provided by the market centers to which we route order flow in seeking best execution for our clients. For non-directed client orders, it is our policy to route orders to market centers based on a number of factors that are more fully discussed in the Supplemental Materials of FINRA Rule 5310, including where applicable, but not necessarily limited to, speed of execution, price improvement opportunities, differences in price dis-improvement, likelihood of executions, the marketability of the order, size guarantees, service levels and support, the reliability of order handling systems, customer needs and expectations, transaction costs and whether the firm will receive remuneration for routing order flow to such market centers. Price improvement is available under certain market conditions and for certain order types and we regularly monitor executions to test for such improvement if available.

Margin Accounts. The amount of margin required will be the greater of the (1) amount required by applicable laws, regulations, rules of applicable self-regulatory organizations and clearinghouses, or (2) amount required by ETS in its sole discretion. You will be charged interest on a daily basis on all debit balances that you owe to ETS and on credit extended to you by ETS for the purpose of purchasing, carrying or trading in securities or otherwise. Interest is calculated on a 360-day basis using settlement date balances. Except as otherwise agreed by you and ETS, the applicable interest rate for margin loans will be determined by adding the prevailing base rate and the applicable sliding scale percentage rate, which is in turn determined by your average daily debit balance. Your stated interest rate is subject to change without notice during each period in accordance with fluctuations in your average daily debit balance and changes to the base rate that are attributable to a change in the Federal Funds rate. ETS will provide you with at least 30 days' prior written notice before changing your stated interest rate for any other reason. Information about ETS's base rate is available upon written request to ETS. For more information on how ETS calculates interest, please see the Customer Agreement. If you have a margin account, this statement is a combined statement for both your margin account and special memorandum account. The permanent record of the separate account as required by Regulation T of the Federal Reserve Board is available for your inspection.

Free Credit Balances. Any cash balances in your securities account, which represent an obligation of ETS, are payable to you upon demand and referred to as free credit balances. Your free credit cash balances: 1) can be maintained in the securities account and will earn interest through the "Cash Balance Program" as more fully described at <https://us.etrade.com/options-uninvested-cash>, and 2) as such are held unsegregated and may be used by ETS in the conduct of its business, subject to the limitations of Rule 15c3-3 under the Securities Exchange Act of 1934. Your free credit cash balances can alternatively be directed to other cash balance options.

Other Cash Balance Option. In addition to the Cash Balance Program you may have the option to have free credit balances in your securities account automatically transferred to a

bank sweep product, which is an account at a bank (or banks, collectively, "Program Banks") whose deposits are insured by the FDIC, but which are not obligations of ETS. Accounts opened prior to May 10, 2018 may also be eligible to have their free credit balances transferred to certain money market mutual funds. For information about the products available for free credit balances go to www.etrade.com/sweepoptions ("Sweep Program"). The products available under the Sweep Program may change at any time. Notification of changes will be provided to the extent required by applicable law. Additionally, you may at any time change your selection among the products available in the Sweep Program. You may elect, subject to any limitation set forth in any Sweep Program agreement or with respect to an account at a bank, under federal banking laws (which includes, without limitation, program banks' potential requirement of seven days' notice before permitting a withdrawal or transfer of funds from such account) that the balance in the bank deposit account be returned, or shares of the money market mutual fund in which you have a beneficial interest be liquidated and the proceeds returned, as applicable, to the securities account or remitted to you. With respect to your decision to participate in a bank sweep product, please remember you are responsible for monitoring the cash balance of your bank sweep accounts deposited with the Program Banks to determine whether you have total deposit balances held in the same capacity at any Program Bank in excess of the \$250,000 FDIC deposit insurance limit.

Options Trading. If you are approved for options trading, you are responsible for advising ETS of any material changes in your investment objectives or financial situation. Additionally, further information regarding commissions and other charges related to the execution of option transactions has been included in the confirmations of such transactions previously provided to you. Such information will also be made available promptly upon request.

Random Allocation of Options Assignment Notices. Assignment notices for short option contracts are allocated among customer short option positions in accordance with a random allocation method. A detailed description of ETS's random allocation method is available at etrade.com and a hard copy of the allocation procedures is available upon request.

Financial Statement. A financial statement of ETS is available for your inspection at its offices or at etrade.com or will be mailed to you upon your written request.

Valuation of Certain Alternative Investments (including DPP and REIT securities). Account statements may include valuations for alternative investments. The values of such investments are estimated and reflect either the most recent valuation provided to ETS by the issuer of the investment, or a valuation provided by an independent third party, which ETS will obtain as part of its services, on an annual or more frequent basis. ETS does not provide a guarantee of the value or the appropriateness of the appraisal methodology applied by the independent third party in providing a value and ETS assumes no responsibility for verifying the accuracy of any valuation presented. Failure of the issuer to provide a timely valuation is its sole responsibility. The investment may reflect no value if a valuation was unavailable or is inaccurate. Investment in non-publicly traded securities, which includes alternative investments, often involves higher risk and less liquidity than other investments. Because there is generally no secondary market for alternative investments, the values reported to you should not be relied upon as any indication of market value. You may be able to sell your interests in the alternative investments held in your account, if at all, only for amounts that are substantially less than their purchase price or the estimated values on your account statements. If your statement reflects a distribution that included a return of capital on Direct Participation Programs and/or REITs, please note that said distributions are reported and a net investment per share estimated value is also reported. Pricing and distribution information has been provided by the sponsor, issuer or other external party responsible for reporting of the DPP or REIT and the classification of distributions as income or return of capital, in whole or in part, is subject to final accounting by such party(ies) and will be reported to you on a Form 1099 or K-1, as applicable.

- ▶ **Electronic Funds Transfer Notice:** The following notice is required by the Bureau of Consumer Financial Protection's Regulation E and applies to electronic funds transfers (EFTs) made by consumers. However, it doesn't apply to all EFTs. Generally, EFTs in nonretirement accounts, aside from those made for the purchase or sale of securities, are subject to Regulation E (each a "Covered Transfer").

Error Resolution: In the case of errors or questions about a Covered Transfer, promptly call or write Fidelity using the contact information listed below. You must call or write Fidelity if you think that your statement is wrong or if you need more information about a Covered Transfer on the statement. Fidelity must hear from you no later than 60 days after Fidelity sent the FIRST statement on which the problem or error appeared. You will need to tell Fidelity your name and account number, describe the error or Covered Transfer that you are unsure about, explain as clearly as you can why you believe that it is an error or why you need more information, and tell Fidelity the dollar amount of the suspected error.

If you notify Fidelity orally, Fidelity may require that you send your complaint or question in writing within 10 business days. Fidelity will tell you the results of its investigation within 10 business days of hearing from you and will correct any error promptly. If Fidelity needs more time, however, it may take up to 45 days to investigate your complaint or question. If Fidelity decides to do this, it will credit your account within 10 business days for the amount you think is in error, so that you will have the use of the money during the time it takes Fidelity to complete its investigation. If Fidelity asks you to put your request or question in writing and doesn't receive it within 10 business days, or if your account is a brokerage account subject to Regulation T of the Board of Governors of the Federal Reserve System (Credit by Brokers and Dealers, 12 CFR 220), Fidelity may not credit your account.

For questions involving new accounts, or point-of-sale or foreign-initiated transactions, Fidelity may take up to 90 days to investigate your complaint or question. For new accounts, Fidelity may take up to 20 days to credit your account for the amount you think is in error. Fidelity will inform you of the results of its investigation within three business days of its completion. If Fidelity decides that there was no error, Fidelity will send you a written explanation. You may ask for copies of the documents that Fidelity used in the investigation.

Contact Information: You can contact Fidelity by mail at Fidelity Investments, PO Box 770001, Cincinnati, OH, 45277-0002, or by phone at 800-544-6666. 707063.2.0

Cost Basis, Gain/Loss, and Holding Period Information NFS is required to report certain cost basis and holding period information to the IRS on Form 1099-B. Unless otherwise specified, NFS applies the average cost method for open-end mutual funds and the first-in, first-out (FIFO) method for all other securities. Cost basis is adjusted for wash sales on securities with the same CUSIP held in the same account (unless your account receives mark-to-market reporting). Your statement may not reflect all adjustments required for tax purposes. Customers should consult their tax advisors for further information.

Cost Fidelity provides purchase cost information for securities held in retirement and HSA accounts. Such information may be adjusted for certain transactions and does not reflect dividends or capital gains reinvestments. Fidelity reports transaction profit or loss information when securities are sold within a retirement or HSA account. Transaction profit or loss is calculated by subtracting purchase cost from sales proceeds

Additional Information About Your Brokerage Account, If Applicable

Free credit balances (FCB) are funds payable to you on demand. FCB are subject to open commitments such as uncleared checks and exclude proceeds from sales of certificated securities without delivery of the certificate. If your FCB is swept to a core position, you can liquidate the core position and have the proceeds sent to you or held in your account subject to the terms of your account agreement. Required rule 10b-10(a) information not contained herein will be provided on written request. Fidelity may use this free credit balance in connection with its business, subject to applicable law. **Assets Separate from Your Brokerage Account** Only securities in the margin portion of your brokerage account contribute to margin and maintenance requirements. Other Assets, which may be reported on your statement, including insurance products that are distributed by FBS and Fidelity Insurance Agency, Inc. and mutual fund only accounts held directly with the fund (Fidelity Mutual Fund Accounts) are not carried by NFS, not covered by the Securities Investor Protection Corporation (SIPC) and do not count toward your margin and maintenance requirements. Assets held in brokerage accounts managed by Fidelity Personal and Workplace Advisors LLC (FPWA) are carried by NFS and covered by SIPC but do not contribute to your margin and maintenance requirements. **Short Account Balances** Securities sold short are held in a segregated short account. These securities are marked-to-market for margin purposes, and any increase or decrease from the previous week's value is transferred weekly to your margin account. Fidelity represents your short account balance as of the last weekly mark-to-market, not as of the statement end date. **Information About Your Option Transactions** Each transaction confirmation previously delivered to you contains full information about commissions and other charges, and such information is available promptly upon request. Assignments of American and European-style options are allocated among customer short positions pursuant to a random allocation procedure, a description is available upon request. Short positions in American-style options are liable for assignment anytime. The writer of a European-style option is subject to exercise assignment only during the exercise period. For more information, please call Fidelity at 800-544-6666. **Equity Dividend Reinvestment** Shares credited to your account resulted from transactions by FBS acting as agent for your account, or the Depository Trust Company (DTC). **Price Information/Total Market Value** The Total Market Value has been calculated out to 9 decimal places but the individual unit price is displayed in 5 decimal places. The Total Market Value represents prices obtained from various sources, may be impacted by the frequency with which such prices are reported and such prices are not guaranteed. Prices received from pricing vendors are generally based on current market quotes, but when such quotes are not available the pricing vendors use a variety of techniques to estimate value. These estimates, particularly for fixed income securities, may be based on certain minimum principal amounts (e.g. \$1 million) and may not reflect all of the factors that affect the value of the security, including liquidity risk. In certain situations, a price may be derived from a single market participant, also known as a "single broker quote". The prices provided are not firm bids or offers. Certain securities may reflect as N/A or unavailable where the price for such security is generally not available from a pricing source. The Market Value of a security, including those priced at par value, may differ from its purchase price and may not closely reflect the

using the FIFO method if shares were purchased at different times or prices. **Statement Mailing** We deliver statements at least four times during the calendar year for any account with a balance.
